GreenPro NYC is 100% New York through good times and bad. We helped clean up after Sandy, September 11th, and Covid-19, and we will always be there to help our fellow New Yorkers clean up, get back on our feet so that we can continue to live and thrive in the capital of the world.

We specialize in allergy cleaning & indoor air quality, disinfection, water damage restoration and cleaning up after storms, floods, leaks, fire sprinkler oversets, sewer backups or any other type of water disaster; every day since our founder started out as a one-man operation from his apartment in Queens, we have been dedicated to keeping homes dry from the inside out and keeping our customers safe—no matter what Mother Nature throws at us!

Satisfied GreenPro NYC customer 1

It's amazing. Sonya comes three times a week and keeps our place spotless. My son has bad allergies, so she brings a specialist with her every month and they get the dust off of and out of everything and the effect on his breathing has been massive.

Alexandra Min Tribeca

We like things done very specifically. Hospital corners on the beds. Towels folded like a hotel does. Manuella gets it right every time.

Traia Goldberg Park Slope

On one of her first visits, I mentioned to Sonya in passing that our adult kids come over for dinner with my husband and I every Thursday. On her own initiative, She started setting the dining room table for 4 every Thursday (she comes twice weekly) with perfectly polished silver at each setting. We've come to enjoy the extra touch.
